

Answer to Jury Note #2

"Excessive force," according to Black's Law Dictionary, is "unreasonable or unnecessary force under the circumstances." In the context of this case, as I explain in my Instructions, careful attention must be given to the evolving facts and circumstances surrounding Deputy Delgado's use of force on the night of May 13, 2016. I describe the kinds of things that are relevant to this inquiry on pages 7 and 8 of my Instructions. Please consider these and all other of my Instructions.
